Mini-Tower Viewing Station

Datasheet

The AS61MT is optimized for small video surveillance applications and delivers the performance required for the most demanding megapixel installations. With its small form factor it is ideally suited for small under counter or counter-top applications.

Powerful viewing station, built around the efficient Intel i3 processor.

Purpose-built open platform to integrate Video Management Software (VMS). All major VMS providers are pre-qualified. Most are continually added to ensure the widest possible certification coverage.

Effortless installation, management and administration.

Rasiliant provides a **complete physical security solution**. All necessary components are offered, including high-performance recording, viewing/monitoring and administration servers, and high-performance storage.
